255 Consulting

255 was established with a clear vision: to become a key player in the fields of marketing, branding, and business development.

We stay ahead of market trends and focus on understanding the real needs of our clients to deliver impactful, results-driven solutions. By working closely with our partners, we help them grow their market share, expand their service offerings, and strengthen their brand presence — all within a dependable and efficient timeframe.

The name 255 reflects our philosophy: a brand is built step by step, just as digital design is built from precise values — and 255 is the highest value in the color scale, symbolizing boldness, clarity, and maximum impact.

Marketing

Success lies in connecting the right content to the right customer, using the ideal channel timed to perfection.

Since our inception, we've worked with over 150 clients across the globe, ranging from startups to established brands. Their consistent feedback speaks to our dedication, creativity, and results-oriented mindset. What sets us apart is not just our execution — it's our ability to think differently, to consistently find new, tailored ways to market each brand, using deep research, innovative tools, and bold storytelling.

We believe effective marketing is more than just messaging

It's about creating the right connection, with the right audience, through the right channel, at exactly the right time.

To celebrate Ramadan and provide added value to clients, we developed a targeted campaign for Evest under the name "Ramadan Group", modeled after the IslamicProPlus (Diamond) account structure.

The campaign was structured as follows:

Eligibility: Any client depositing a total of \$5,000 or more (gross) between 2025/03/1 and the end of Ramadan qualifies for the new Ramadan Group.

Benefit: Clients receive a 20% reversal on their Sharia-compliant (swap) charges on a weekly basis throughout Ramadan.

Purpose: The goal was to incentivize larger deposits, boost engagement, and enhance loyalty among Islamic account users during the holy month.

We created a culturally relevant awareness campaign for Fit, a company producing high-quality feminine pads, with the aim of introducing the brand to the Palestinian market and positioning it as a product made by Palestinians, for Palestinians.

Strategy Highlights:

Emotional positioning: Emphasized national pride and community support by highlighting Fit as a locally made, trusted choice for every Palestinian woman.

Visual storytelling: Used authentic imagery, local dialect, and women-focused messaging to build relatability and emotional connection.

Messaging tone: Empowering, warm, and inclusive — celebrating strength, comfort, and dignity for every woman.

We partnered with SCD to launch a comprehensive awareness campaign focused on psychological health in Palestine — addressing mental well-being, emotional resilience, and the importance of seeking help in a region facing ongoing social and political challenges.

Deliverables:

Full social media campaign (designs, captions, and scheduling)

Printable materials (posters, flyers, brochures) distributed in community centers, clinics, and public spaces

Brand-aligned campaign visuals and tone tailored for Palestinian audiences

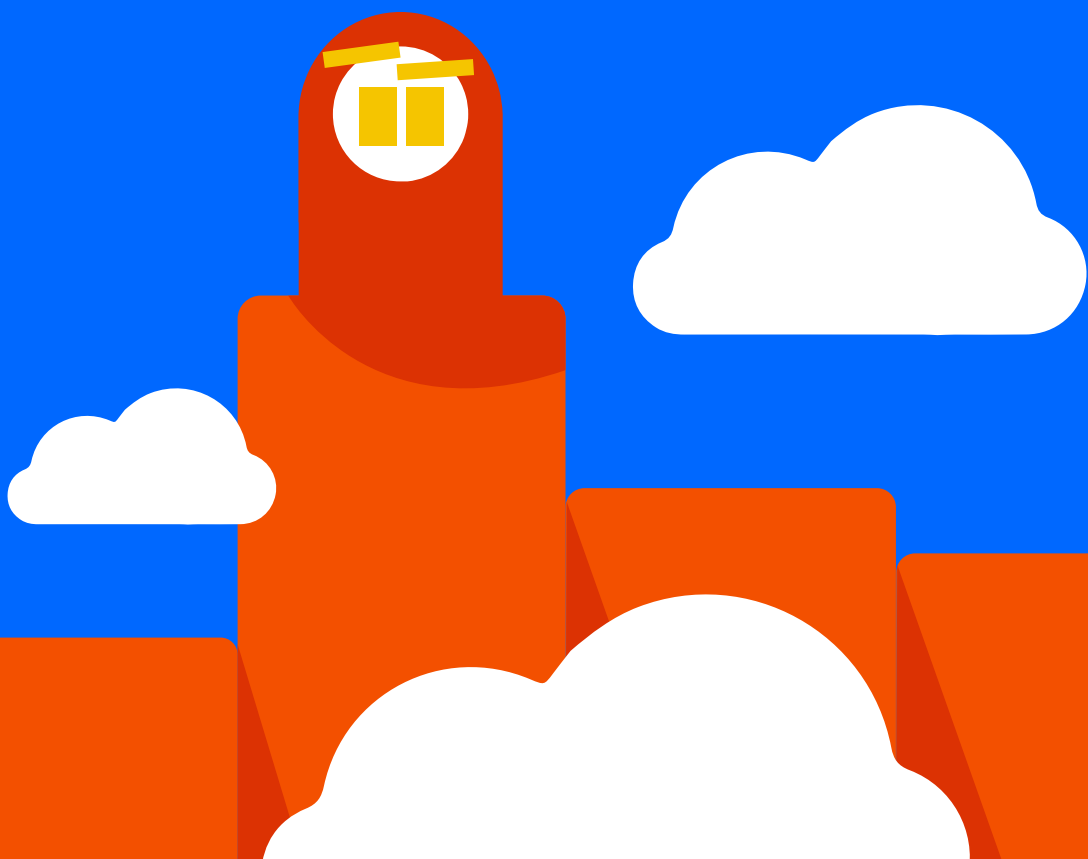

Branding

Great brands don't just look good they speak with purpose, connect with people, and lead with meaning

At 255, we place our clients' vision and goals at the heart of every brand we build. We dive deep into their story, products, services, and the audiences they aim to reach — because we believe every brand should feel personal, purposeful, and powerful.

Whether you're launching a new identity, revamping your look, designing packaging, or aiming to stand out in a crowded market, 255 helps you turn ideas into impact.

Our team collaborates closely with each client to craft a branding strategy that reflects their mission, resonates with their audience

Grand Nablus Bus Co.

THE GRAND NABLUS BUS COMPANY'S BRANDING IS NOT JUST ABOUT ITS DISTINCTIVE LOGO AND VIBRANT COLOR SCHEME; IT'S A REFLECTION OF ITS UNWAVERING COMMITMENT TO PROVIDE A SUPERIOR TRANSPORTATION EXPERIENCE. THE BRANDING ENCAPSULATES THE ESSENCE OF NABLUS, ITS WARMTH, AND HOSPITALITY, PROMISING RELIABLE, EFFICIENT, AND COMFORTABLE JOURNEYS. EACH BUS RIDE EMBODIES PUNCTUALITY, SAFETY, AND PRISTINE CLEANLINESS, RESONATING WITH THE GRANDEUR OF NABLUS ITSELF WITH ITS DISTINCTIVE BRANDING.

Key Questions Before Rebranding:

- ☀ What challenge or gap are we addressing through this rebrand?
- ☀ What is driving the need for change at this time?
- ☀ Will there be any updates or shifts in your service offerings?
- ☀ How familiar are your clients with your current visual identity?

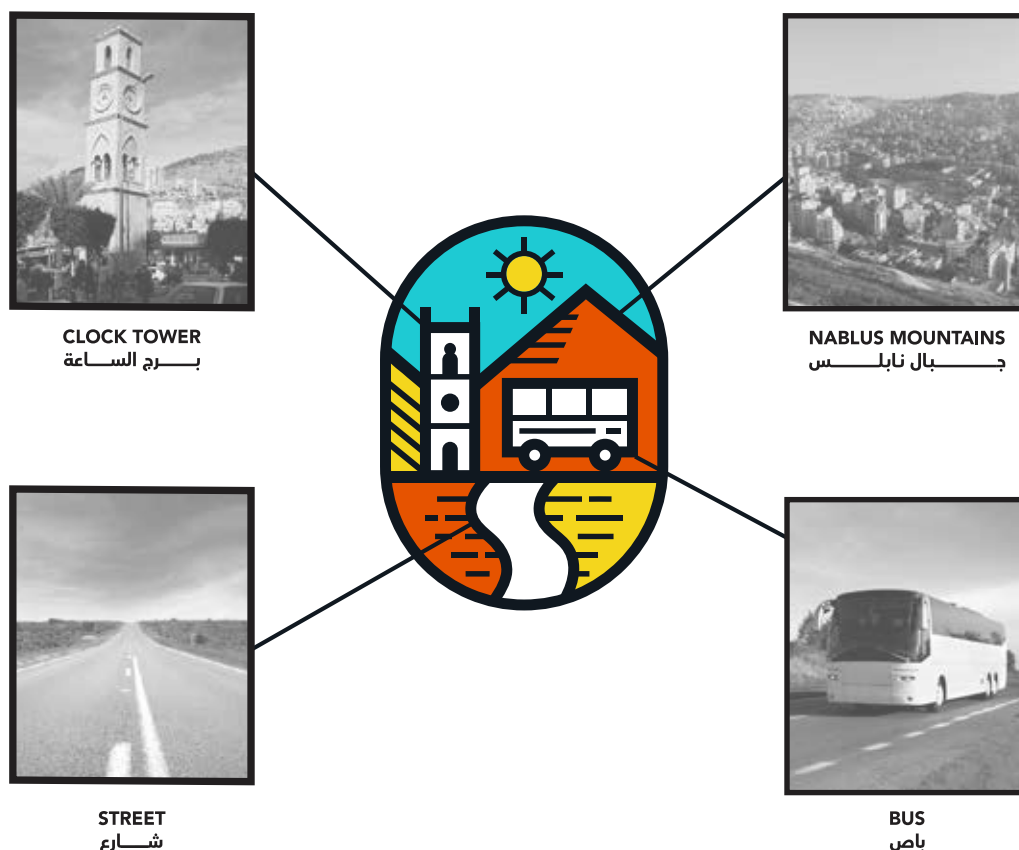

The branding for Nablus Grand Bus is built around a simple yet powerful concept: three dynamic lines that represent the bus routes, movement, and the drive-thru experience unique to the company. These lines symbolize connectivity, flow, and the journey — all central themes for a transportation brand rooted in motion and service.

We applied this concept consistently across all brand elements, including stationery, uniforms, signage, vehicle wraps, and digital assets — ensuring a cohesive and recognizable identity that reflects the company's values and forward movement.

This visual identity not only enhances brand recognition but also tells a story of organized, modern, and efficient transportation across Nablus and beyond.

Al Qaser Restaurant

Elements from traditional Palestinian heritage were combined with the classic architectural design of palace gates, along with the Arabic letter "ق" (Qaf), to create a distinctive visual icon that represents the identity of "Al Qasr Restaurant." These elements were carefully selected to complement the restaurant's cultural and historical concept. Additionally, symbols representing food and beverages were creatively integrated into the design, reflecting the restaurant's commitment to offering a unique experience that blends authenticity with modernity.

Key Questions Before Rebranding:

How can we visually capture the fusion of Palestinian heritage and traditional palace architecture in a modern brand identity?

What core cultural values or historical elements should be highlighted to enhance the restaurant's storytelling?

How can food and beverage elements be artistically embedded into the visual identity without compromising cultural authenticity?

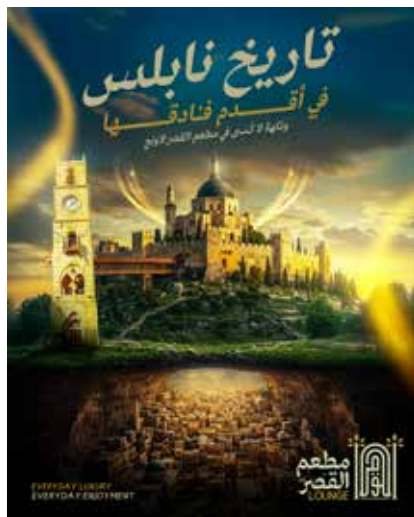

What emotional or nostalgic connection do we want customers to feel when they encounter the new branding

The branding for Al Qasr Restaurant is built around a simple yet rich concept: a fusion of heritage, architecture, and culinary symbolism. At its core lies the integration of elements from traditional Palestinian culture, the iconic palace gate design, and the Arabic letter "ق" — coming together to form a distinctive visual mark that captures both identity and experience.

These design elements symbolize authenticity, hospitality, and cultural richness — all central themes for a restaurant that seeks to celebrate tradition while embracing modern dining sensibilities.

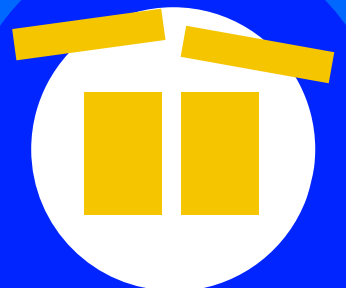

We applied this concept consistently across all brand touchpoints, including signage, menus, packaging, staff uniforms, interior design elements, and digital assets — ensuring a cohesive and immersive identity that communicates the restaurant's values and story.

Logos

A great logo is more than just a visual — it's the voice of a brand. It captures a story in a single mark.

A powerful logo goes beyond aesthetics — it embodies the essence of a brand, tells its story at a glance, and creates a meaningful connection that lasts far beyond first impressions
